

Cultural Education partnerships

The Arts Council has identified 50 cultural education partnerships across the country where there is the most chance of success. All will be up to full strength by 2018 - with an emphasis on developing them rapidly in areas of most need.

They will be modelled on the successful local Cultural Education Partnerships established in Great Yarmouth, Bristol and Barking & Dagenham.

These pilot partnerships were established by the Arts Council with partners; the [British Film Institute](#), [Heritage Lottery Fund](#) and [English Heritage](#).

In each Cultural Education Partnership the Bridge organisation will work with schools, the local authority, voluntary and community organisations, further and higher education, and music education hubs and funders to improve the alignment of cultural education for young people.
