### Top tips:

- Please bear in mind that if you draft your text in MS Word, that Grantium uses a
  different method of counting characters. One example is that when you press Enter
  to start a new line, MS Word counts this as one character whereas Grantium counts
  this as two ('line stop' and 'line start'). Your text is likely to have a larger character
  count in Grantium than it would in MS Word.
- Grantium will log you out after 20 minutes of inactivity. Please note that Grantium
  does not recognise typing as activity, only clicking either a button or a link.
  Please remember to click Save often. You will receive a warning on screen when
  you are getting close to being logged out.

### Museum Site Address:

- To add a line, click add
- o Fill in the page.
- If you have more lines to add, click Save & Add Another
- Otherwise click Save & Back to List and then click Next
- For the rest of the Expression of Interest, answer the questions on each page and click Save & Next
- The last page is the Submission summary. If you have green ticks next to
  the items in the list, then it will allow you to click Submit.

  successfully the blue hyperlink will tell you the reason it's not complete
  and will take you back to the right section to amend it.
